

Mohammadali Forouzesh

German Passport holder • Kaiserslautern, Germany • +49 178 279 3159 • frz.mohammadali.me@gmail.com

Results-driven DevOps Engineer with a Master's in Computer Science and **8+ years** of experience in cloud architecture, **Azure**, **AWS**, **CI/CD** and **Kubernetes**. Proven ability to lead production releases and automate infrastructure. Expertise in end-to-end pipeline creation, containerization, and proactive monitoring to drive successful project outcomes.

Experience

2023 – PRESENT

Project Lead & Senior DevOps Consultant | HCL Technologies | Frankfurt, Germany (Remote)

- Consulted as a Senior DevOps expert for client **Euroclear**, driving **key project deliveries**.
- **Delivered** on infrastructure **automation**, **CI/CD**, and **monitoring** solutions.

2026 – PRESENT

Site Reliability Engineer | SAP | Walldorf, Germany (Remote)

- **Leading** the EU based **SRE team**
- **Incident** and **problem** management
- Toil **automation**
- SRE **shift** roster management

2023 – 2025

Senior DevOps Engineer | Euroclear | Brussels, Belgium (Remote from Germany)

- Designed and managed **10+ CI/CD pipelines** in Azure DevOps for diverse application teams.
- Developed and maintained **5+ Infrastructure as Code (IaC)** repositories using **Terraform**.
- Authored **20+ PowerShell scripts** to automate operational tasks and deployments.
- Implemented automated monitoring, alerting, and log analysis for proactive system management.
- Led and participated in **15+ production release** and launch cycles.
- Facilitated post-incident reviews and **root cause analysis** meetings.

2021 – 2023

Senior Software/DevOps Engineer | matelso GmbH | Kaiserslautern, Germany (On site)

- Architected and maintained **core backend GraphQL APIs** for a **SaaS** platform.
- Developed and enhanced **10+ microservices** using .NET.
- Engineered and maintained **10+ CI/CD pipelines** for **automated testing** and deployment.
- Created robust **automation scripts** in **Bash** and **PowerShell**.
- Containerized and deployed **10+ services** on a **Kubernetes cluster**.
- Established **monitoring**, **logging**, and **alerting** systems for **Kubernetes infrastructure**.
- Performed cluster **maintenance**, **troubleshooting**, and **Linux** server administration.

2018 – 2020

Software Engineer & Research Assistant | Max Planck Institute | Kaiserslautern, Germany (On site)

- Developed interactive **data visualization dashboards** using **Python** and **web** technologies.

- Contributed [Python](#) code to the global data anonymization project "gda-score.org".
- Maintained a part-time schedule (20 hrs/week) while completing a Master's degree.

Skills

- CI/CD Pipeline Design & Automation
- Kubernetes & Docker Containerization
- Microsoft Azure Cloud Services
- PowerShell & Bash Scripting
- Linux & Windows Administration
- Networking, Firewalls & Security
- Infrastructure as Code (Terraform)
- Helm Charts & Application Packaging
- GitHub, GitLab & Azure DevOps
- Python & C# Development
- CLI Tools & Web Development
- Prometheus, Grafana & Monitoring
- ServiceNow & Splunk
- CyberArk & Ethical Hacking
- Wireshark & Network Analysis
- NginX & Cloudflare
- Generative AI & Prompt Engineering
- Requirements Engineering
- Elasticsearch, Kibana & Data Visualization
- GraphQL & RESTful API Design
- Cloud Engineering & Microservices Architecture

Certifications

- HCLTech Aspire Journey Certified: DevSecOps and SRE Associate - Silver badge claimed
- HCLTech Certified: Gen AI Prompt Engineering
- HCLTech Certified: AI & Gen AI Fundamentals
- Microsoft Certified DevOps Engineer Expert (AZ-400) ([LINK](#))
- Microsoft Certified Azure Solutions Architect Expert (AZ-305) ([LINK](#))
- Microsoft Certified Azure Administrator Associate (AZ-104) ([LINK](#))
- Microsoft Certified Azure Fundamentals (AZ-900) ([LINK](#))
- NDC conferences workshop GraphQL API - Porto 2022

Education

2018 – 2021

M.Sc. Computer Science | Rheinland-Pfälzische Technische Universität (RPTU) | Kaiserslautern, Germany

- Grade: 2.0

2013 – 2017

B.Eng. Computer Software Engineering | Azad University | Tehran, Iran

- Grade: 1.5

Languages & Soft Skills

- English (Fluent)
- German (B1)
- Persian/Farsi (Native)
- Team Collaboration & Cross-Functional Teamwork
- Results-Oriented & Goal-Driven
- Accountability & Proactive Problem-Solving
- Strategic & Holistic Project View
- Root Cause Analysis & Systematic Troubleshooting
- High Commitment to Deliverables & Deadlines
